EXPERIENCE TOURING FREEDOM

The Auto-Sleepers M-Star Mercedes Campervan offers a harmonious blend of style, functionality, and innovation. Whether you're embarking on a weekend getaway or a long-term road trip, this campervan provides the ideal home away from home, allowing you to create unforgettable memories on your travels.

It's all about the details:

Black Ceiling LED Lights, High-Definition LED reading spotlights and worktop extensions with cup holders are just some of the little touches of quality that take the M-Star to the next level.

Truma Aventa Comfort

Enjoy a pleasant indoor climate thanks to the Truma Aventa Comfort Plus roof-mounted air conditioning system.

Grade 3 Insulation

All 2024 Auto-Sleeper Campervans have achieved Grade 3 classification for heating and thermal insulation.

Underfloor LPG Gas Tank

25 litre underfloor mounted LPG gas tank installed, offering hassle free practicality with numerous benefits.

DISCOVER ULTIMATE COMFORT AND LUXURY

Step inside, and you'll be greeted by a spacious and elegantly designed interior that maximizes every inch of available space. The campervan features high-quality materials, plush upholstery, and intelligent storage solutions. The living area is designed to be versatile, with a comfortable

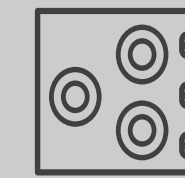

seating arrangement that easily converts into a sleeping area. Large panoramic windows surround the interior, allowing natural light to flood the space and providing breathtaking views of the outdoors.

FUEL YOUR ADVENTURE

The M-Star Campervan's kitchen is a chef's dream, equipped with state-of-the-art appliances and ample counter space. It features a modern induction cooktop, a stainless steel sink, a refrigerator, and a microwave oven. The kitchen is cleverly designed to optimize functionality, making meal preparation a breeze even on the go.

3 Burner Hob

Kitchens include a flexible 3 burner hob with separate oven and grill.

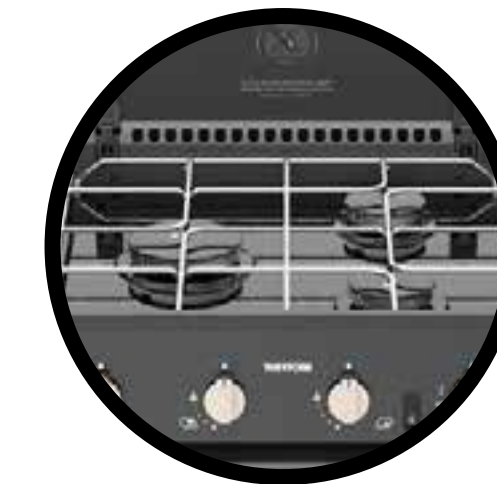

Microwave Oven

All Campervans feature a 230v Dometic microwave oven for convenient cooking on tour.

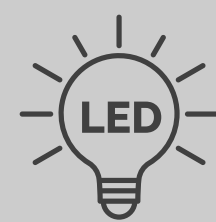

Fridge-Freezer

Keep your food fresh with the large 3 way refrigerator with freezer compartment

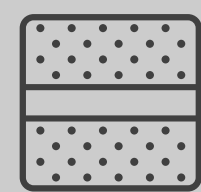

WHAT DREAMS ARE MADE OF...

When it's time to unwind, the campervan offers a cozy and inviting bedroom area. The rear lounge converts to sleeping quarters featuring a comfortable double bed or two singles for a restful night's sleep. With blackout curtains and excellent insulation, you can enjoy privacy and peace, no matter where your adventures take you.

LED Lighting

Create the right atmosphere with energy efficient LED lighting including positionable reading spotlights.

Reflex™ Foam Upholstery

Premium quality Reflex™ foam in all soft furnishings for ultimate comfort.

Premium quality Reflex™ foam in all soft furnishings for ultimate comfort.

Custom-designed curtains, add a touch of elegance and privacy to your travel experience.

Every M-STAR comes with Grey Leather upholstery as standard.

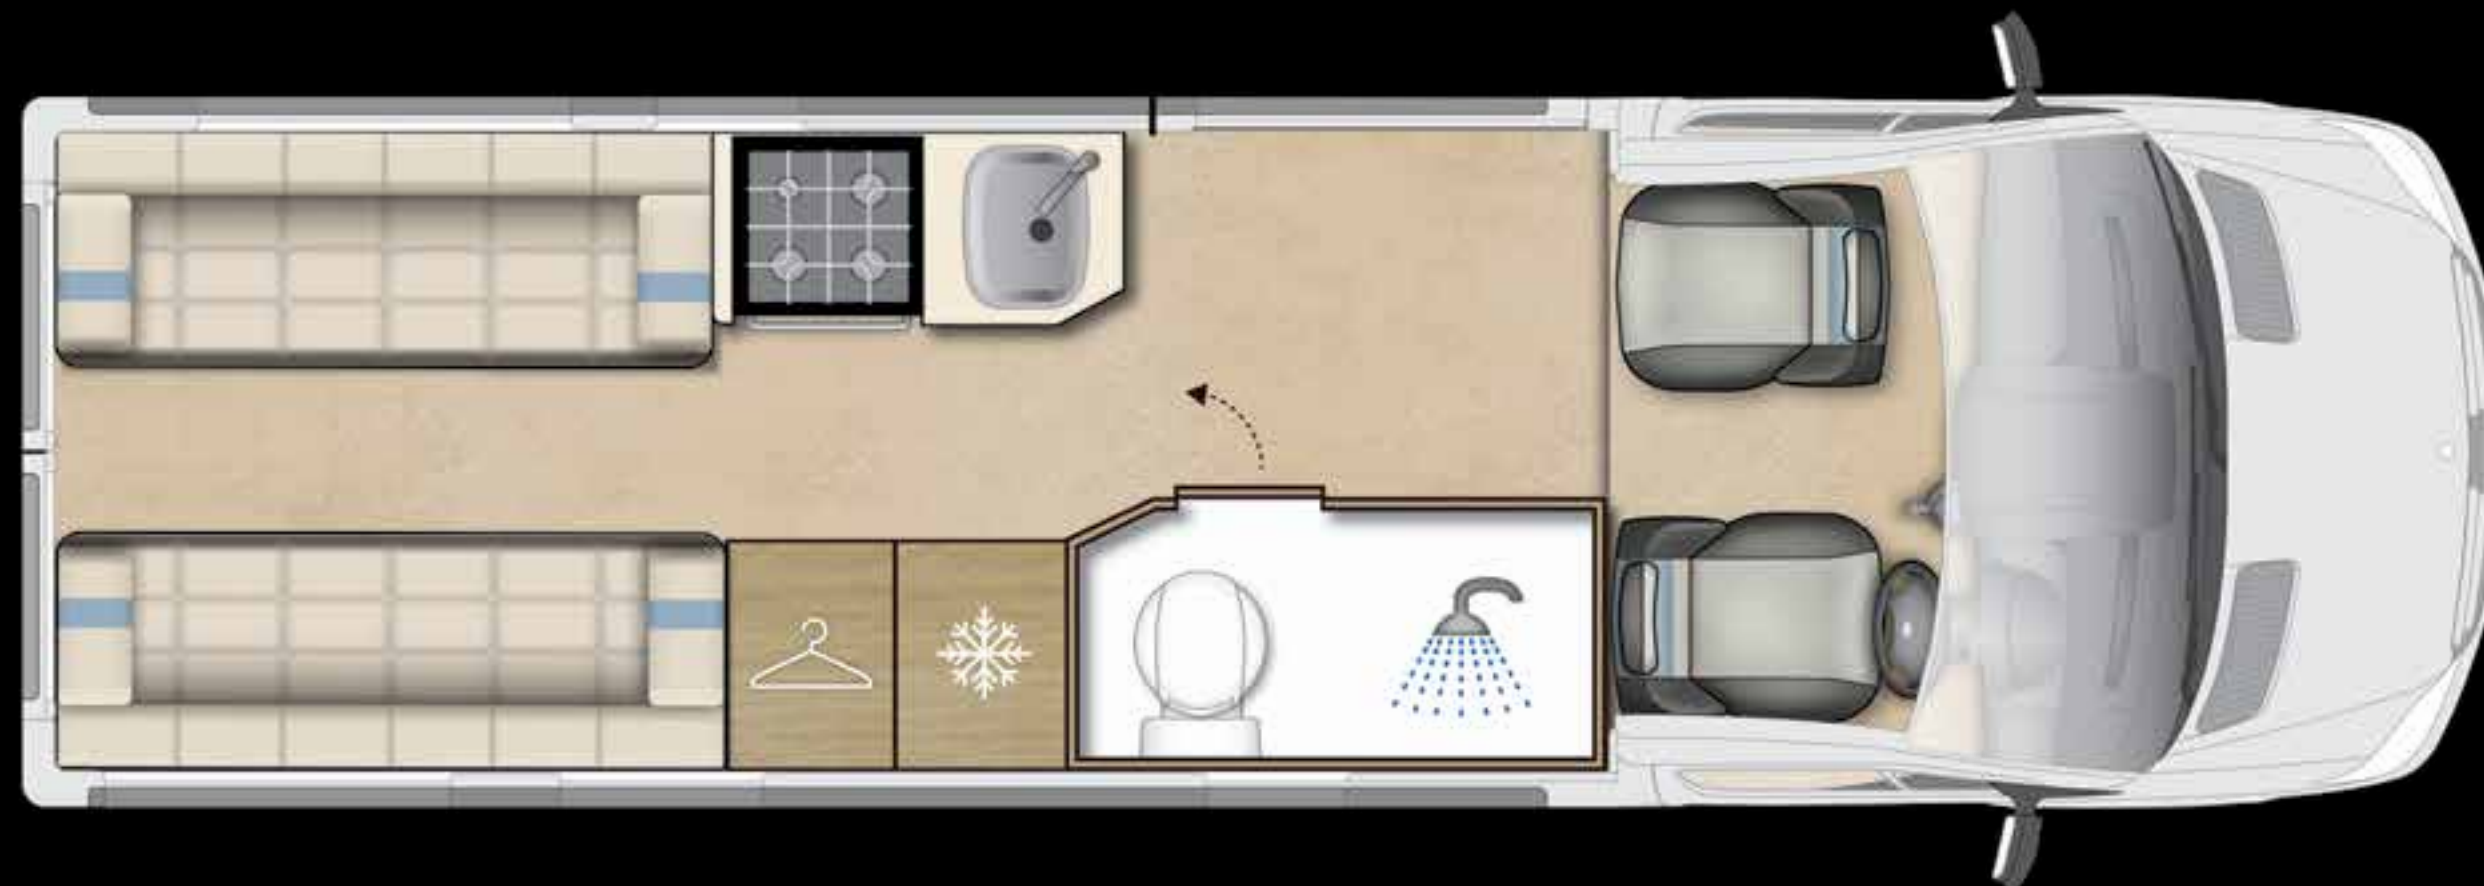

IMPECCABLE WASHROOM LUXURY

The M-Star Campervan comes with a well-appointed bathroom that includes a toilet, sink, and shower. The bathroom is designed for efficiency and convenience, allowing you to freshen up and maintain your hygiene while on the road.

BORN TO RUN

The Best Sprinter Of All Time

EVEN BETTER FEATURES

Keyless Start

Start your vehicle at the push of a button.

Electric Parking Brake

Parking brake operated simply and conveniently via a button.

MBUX

The state-of-the-art MBUX technology comes as standard in every Sprinter featuring a high resolution 7-inch touchscreen.

Multi-Function Steering Wheel with Gearshift Paddles

All controls, all in one place, for a streamlined cabin and safe operation while driving.

IMPRESSIVE SPECIFICATION

Take your adventures to the next level with the Mercedes-Benz Sprinter.

The 2024 Auto-Sleeper Mercedes-Benz range is built on the latest Sprinter Chassis; The most intelligent, powerfully connected van the world has ever seen. The result of Mercedes' continuous development process ensures that the new class leading Sprinter is even more advanced, even more flexible, even safer and even more economical.

Under the hood of the Mercedes range is more versatile than ever, with the 9-speed automatic transmission increasing efficiency and payload.

On the road your safety is paramount, thankfully the

new Sprinter leads the way when it comes to safety and security, with a powerful suite of standard features – including Active Brake Assist as well as a reassuring double lock and visible VIN.

Every Auto-Sleeper Mercedes Coachbuilt features State-of-the-art MBUX (Mercedes-Benz User Experience) technology in the Sprinter cab. Fitted as standard with a high resolution 7-inch touchscreen, it offers intuitive touch control and enables Mercedes PRO connect services.

Choose a Coachbuilt on a Sprinter chassis and benefit from an enhanced cab environment filled with impressive specification – and keep your adventures moving

Crosswind Assist & Adaptive ESP®

Our Mercedes Coachbuilts feature the latest technology to help keep you safe on the road.

Smart Connectivity

Connect your MBUX to the latest Apple CarPlay, Android Auto, and Mercedes PRO connect services..

DAB Radio

The Sprinter receives DAB and analogue radio as standard.

3rd Generation SCR Emission Control System

Stringent Euro 6 emissions standard is met with the aid of the SCR (Selective Catalytic Reduction) technology.

PRACTICAL FEATURES

When you venture out in your Auto-Sleeper, our aim is not only to provide you with features that offer opulent luxury and comfort, but that are also practical and useful to maximise your holiday enjoyment every time you travel.

Our expert motorhome designers have designed the internal layouts of our motorhomes to optimise efficiency of the living spaces; balancing freedom of movement with storage of equipment and features.

To complement the design of the space, Auto-Sleepers install the finest materials and equipment to produce leisure vehicles of the highest standard.

To create as much internal space as possible, features such as the LPG gas tank and heating systems are mounted underfloor. They are however still easily accessible when required.

To ensure that owners can use their vehicle all year round, every model meets grade 3 classification for thermal insulation, so there's nothing stopping you escaping to the outdoors.

Dual USB-A and USB-C Outlets: Stay Powered Anywhere

Easily charge your devices using the onboard 5 x Dual USB-A and USB-C Outlets. USB-A ports allow campers to charge their older devices, while the versatile USB-C ports accommodate newer gadgets, offering faster charging capabilities.

High quality Reflex™ foam upholstery.

Auto-Sleepers soft furnishings are constructed with UK manufacturer Vitafoam's premium quality Reflex™ foam for superior comfort, durability, recovery and service life.

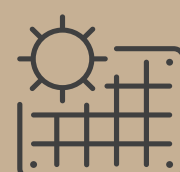

Spacious storage facilities

To help make the most of your space, our designers have included numerous space saving storage options to securely stow your luggage.

Dine Al'Fresco!

Feel like making the most of some glorious weather? All Auto-Sleeper models feature external BBQ points for quick and easy outdoor dining.

120W Solar Panel

Be more self-sufficient and save money on your next holiday thanks to the included Solar Panel

Grade 3 Insulation

All 2024 Auto-Sleeper M-Stars have achieved Grade 3 classification for heating and thermal insulation.

Underfloor LPG Gas Tank

25 litre underfloor mounted LPG gas tank installed, offering hassle free practicality with numerous benefits.

5G READY ANTENNA

5G READY WIFI

When you venture out in your Auto-Sleeper, our aim is not only to provide you with features that offer opulent luxury and comfort, but that are also practical and useful to maximise your holiday enjoyment every time you travel.

Our expert motorhome designers have designed the internal layouts of our motorhomes to optimise efficiency of the living spaces; balancing freedom of movement with storage of equipment and features.

THE LITHIUM DIFFERENCE

Auto-Sleepers are fitted with Lithium iron phosphate leisure batteries (LiFePO4 or LFP) which offer lots of benefits compared to lead-acid batteries. Including, longer life span, extremely safe, lightweight, improved discharge and charge efficiency, all whilst providing a long life span.

- Heavy on power. Light on weight**
 Compared to lead-acid batteries lithium provides great energy density and are at least half the mass. Go for lithium if you want to reduce concerns about battery weight, performance and size.
- Long lifetime. Lower costs**
 A huge advantage to lithium technology is the life cycle rating which far surpasses alternative technologies. Lithium batteries operate ten times longer than lead-acid.
- Quick and efficient**
 Lithium can charge and discharge at a high rate providing maximum versatility. Fast charging minimizes downtime, and lithium's high rate of discharge is perfect for a burst of power.
- Low self-discharge**
 Lithium batteries have a very low self-discharge rate; <3% per month. Compared to lead-acid this is 10 times lower.
- Maintenance free**
 Lithium batteries don't require active maintenance to extend their service life and include built in automatic overcharge protection.

TN Lithium Iron Battery (std)

As standard 2024 Auto-Sleeper models are fitted with 60ah TN Lithium iron phosphate leisure batteries (LiFePO4 or LFP). These are up to 40% lighter than conventional lead acid batteries at just 10.2kg, and using the technology of lithium iron phosphate cell provide superior safety, up to 3000 cycles and 100% Depth Of Discharge, under normal conditions.

84ah & 100ah Battery Upgrades

For those who have a need for larger power capacity, 2024 Auto-Sleeper models can be upgraded to higher 84ah and 100ah batteries as cost options. Speak to your Auto-Sleeper dealer for more information.

THE LATEST TOURING TECHNOLOGY

For 2024, Auto-Sleeper models have been fitted with an exciting range of equipment to further enhance your trips away. Improved Security features, stylish exterior looks, plus be the envy of everyone on the campsite and stream all your favourite media from iPlayer, Netflix and Spotify thanks to internet connections up to 5x stronger than standard mobile connections.

Alde Central Heating & Flow System

2024 models benefit from world class Alde heating and hot water systems for use all year round in all weathers.

5G Ready Wifi (SIM card required)

All 2024 Auto-Sleeper coachbuilds are fitted with powerful 5G ready Mobile broadband equipment designed to improve internet connectivity on your touring excursions.

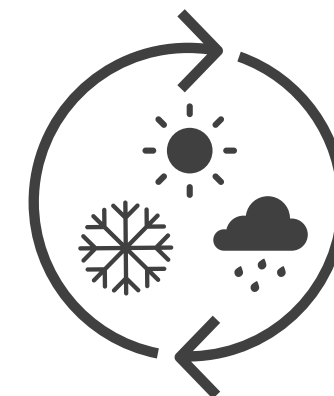

Teleco Media Pack (optional)

2024 Auto-Sleeper models can benefit from the updated media pack featuring the Teleco 65cm system.

19.5" Full HD Smart TV with 2x10W Soundbar

Watch Full HD through your regular aerial or satellite dish without the need for extra equipment and now with integrated Freesat.

All Year Touring

2024 M-Star campervans are designed for all year round use- featuring efficient heating systems and excellent thermal insulation.

MBUX infotainer*

A high resolution 7-inch touchscreen featuring Apple CarPlay, Android Auto, and DAB radio.*

Be more self-sufficient and save money on your next holiday thanks to the included Solar Panel.

GPS Sargent S7 Tracker Pre-Installed (£100 Annual Subscription applicable)

Auto-Sleeper motorhomes are protected 24/7 with the Sargent S7 Tracker.

Underfloor Mounted LPG Tank

25 litre underfloor mounted LPG gas tank installed, offering hassle free practicality with numerous benefits

Truma Aventa Comfort (Delete Option)

Enjoy a pleasant indoor climate thanks to the Truma Aventa Comfort roof-mounted air conditioning system.

MORE COMFORT ON TOUR WITH TRUMA

AVENTA AIR COMPACT PLUS CONDITIONING SYSTEM

All Auto-Sleepers have the option of having an Aventa Compact Plus Conditioning system installed. The Truma roof air conditioner excels with its performance power – Although being especially efficient and economical in consumption the Aventa turns the vehicles into a feel good zone thanks to its high performance. The powerful cooling capacity ensures this on hot summer days. In cool nights the economical heat pump function (2 ventilation steps) for pleasant temperatures. At the same time the air is not only

dehumidified, but also cleaned by a new honeycombed air filter.

The integrated sleep-mode reduces speed of the ventilator in the night and so by very silent air distribution a particular smooth running of the air conditioner is achieved. The single adjustable air-outlets offer various possibilities to dispense the conditioned air in the vehicle.

SAFE HEATING ON THE MOVE

DRIVE SAFE REGULATOR

For 2024, all Auto-Sleeper models feature an innovative gas pressure regulator from Truma. It offers its users a safe and convenient supply of gas when on the move. With an integrated gas flow monitor, you can use your liquid gas heater whilst driving.

How safe is it to operate a gas system for heating while you are on the move? Truma has the answer: for years, we have been further developing technical standards for protective devices that enable heating whilst driving; and now we have also incorporated a crash sensor into our new generation of gas pressure regulation systems.

This sensor even responds to accidents that take place at low impact speeds of 10mph, closing the gas supply before damage can be caused to the lines or devices.

So you can arrive at your destination with everyone feeling relaxed, reassured, and safe. Truma gas pressure regulation systems offer everything required to ensure safe heating on the move, throughout the whole of Europe.

For further information on Truma products please:

For everyone who chooses Truma – valid only when used with our regulators, filters and hoses. Register now at www.truma.com/regulatorwarranty

AUTO-SLEEPERS GO

UTILITY MANAGEMENT SYSTEM

EASY ACCESS CONTROLS

Rest easy knowing that your Auto-Sleeper motorhome is equipped with the advanced Auto-Sleepers GO! Utility Management System (UMS). But what exactly is it? The Auto-Sleepers GO! UMS seamlessly integrates cutting-edge electrical systems from the innovative UK electrical manufacturer, Sargent, and heating systems from renowned manufacturers such as Truma (for Coachbuilt models), Whale (for Campervan models), and Alde (M-Star). Designed to centralize the controls for all your on-board leisure facilities, the UMS ensures easy and intuitive management. Moreover, the inclusion of Sargent's CAT6 vehicle tracker, accessible remotely through 'Auto-Sleepers LOCATE,' provides you with the peace of mind that your motorhome is secure.

MANAGE YOUR ONBOARD SYSTEMS

The LCD touch-screen control panel allows you to easily monitor and control your motorhome's on-board systems. This functional all-in-one panel makes it simple to manage your lighting, battery and water so that you can spend more time enjoying your trips away.

TEMPERATURE CONTROL

M-Star models are fitted with an Alde heating system and control panel. The digital Alde control panel allows you to set the temperature in your Auto-Sleeper motorhome quickly and easily. Choose functions like fan speeds and night time economy mode instantly. The automatic climate control ensures a constant indoor temperature in all weathers.

LOCATION TRACKER

Check the location of your motorhome and see the location of all Auto-Sleeper approved dealer workshops using Sargent's Auto-Sleeper Locate function..

GREY LEATHER

PAMPLONA GRIS

VOGUE GREY

SEAT BELT SAFETY

Seat belts for the front cab seats in motorhomes have always been installed by the base vehicle manufacturer since the law required them to do so and wearing them is a legal requirement whenever the vehicle is being driven.

However, seat belts in the rear of a motorhome are more complicated; where a designated travelling seat is available it must be used, however, where

there isn't one it's not illegal to travel in the rear without wearing one at present, although this could well change in the future.

In the interests of everyone's safety and peace of mind, Auto-Sleepers always recommend when travelling in the rear of a motorhome, it should be in a designated travelling seat with the three point seat-belts in use. Please note that adding optional

seatbelts reduces vehicle payload by 40kg.

Look out for the red seat-belt symbol next to the layout to indicate the availability of designated rear travel seats which have been tested and approved as fully compliant with European whole vehicle type approval for your total safety and peace of mind.

| Situation | Front Seat | Rear Seat | Responsibility |
|---|--------------------------------------|---|----------------|
| Driver | Seat belt must be worn if fitted | - | Driver |
| Child under 3 years of age | Seat belt must be worn if fitted | Correct child restraint must be used | Driver |
| Child from 3rd birthday up to 135cm in height or 12 th birthday, whichever they reach first. | Correct child restraint must be used | Correct child restraint must be used where seat belts are fitted. Must use adult belt in rear seat if correct child restraint is not available. | Driver |
| Child 12 or 13 years of age or over 135cm in height | Seat belt must be worn if fitted | Seat belt must be worn if fitted | Driver |
| Adult passengers | Seat belt must be worn if fitted | Seat belt must be worn if fitted | Passenger |

AVTEX TV & SOUNDBAR

SMART ENTERTAINMENT

2024 Auto-Sleeper models feature the new Avtex fully loaded Smart W195TS television and SB195BT soundbar. TELECO

SERVICE YOU CAN COUNT ON

The Auto-Sleeper Service Centre caters specifically for the needs of the motorhome, campervan and caravan owner. Located around the corner from the Auto-Sleeper factory in Willersey, near Evesham, Worcestershire. We offer annual habitation checks, accessories and modifications. Additionally, we can also offer motorhome, caravan and campervan repairs, accident or insurance claims.

The Service Centre technicians have many years' service with the company and are fully trained. Although specialising in Auto-Sleeper models, work can be carried out on any type of vehicle or caravan irrespective of make

but please note we are unable to undertake warranty work on other manufacturers vehicles.

The habitation check covers the motorhomes/ caravan chassis, body, fixtures, fittings and include full gas and electric system checks. Base vehicle servicing and Mot's can be arranged off site if necessary.

Dedicated to customer care, the Service Centre offers a comfortable waiting room, refreshments and mains hook-ups for an overnight stay.

AUTO-SLEEPERS PARTS DEPARTMENT

The Auto-Sleepers Parts Department aims to provide parts for Auto-Sleepers old and new. When contacting this Department, customers should have to hand the Auto-Sleepers production number of their vehicle (this can be found in the vehicle glovebox). We endeavour to provide parts for older vehicles, but are unable to guarantee to supply parts that are no longer manufactured by our suppliers.

AUTO-SLEEPERS MOTORHOME WARRANTY

You can be confident about owning an Auto-Sleeper, because we are confident about the way in which we build them. The conversion work of every Auto-Sleeper is covered by our own three year warranty* scheme plus and an additional three year water ingress warranty*. The cover is not restricted to mileage and protects all aspects of the motorhome.

*Terms and conditions apply, please refer to your handbook for further information.

MERCEDES-BENZ WARRANTY

The base of your motorhome is covered by Mercedes-Benz. You are covered by a 3 year, unlimited mileage warranty (terms and conditions apply, please refer to the chassis manufacturers handbook for details).

Mobilovan UK

Mobilovan UK keeps the Mercedes-Benz Van Owner On The Road For Thirty Years - Mercedes vans first registered after 1st October 2012. To benefit from Mobilovan UK, the owner must have the van regularly serviced by a Mercedes-Benz service partner. Even if it is a used van or a service has been missed, with each new service the van is automatically entitled to Mobilovan UK cover again, for up to 30 years.

Mobilovan UK also offers special mobility services in the event of a workshop visit arising from a warranty claim or goodwill gesture during the first three years after the van was initially registered.

Europe-Wide

Mobilovan UK cover applies throughout Europe even in a remote lane in Spain. Wherever there is a road, Mobilovan UK cover applies. A Europe-wide network of approximately 3,000 authorised Mercedes-Benz service partners makes this possible. And should it take a little longer to repair the vehicle, the owner can keep on the move thanks to the wide-ranging Mobilovan UK mobility services.

Technical Breakdowns Or Starting Problems

For three years after the initial registration of a Mercedes van, Mobilovan UK will keep it on the move in the event of a technical breakdown or starting problems. Subsequently the mobility guarantee is extended after each service by an authorised Mercedes-Benz service partner – up to maximum of 30 years.

Minor Mishaps Or Driver Error

For three years after the initial registration of a Mercedes-Benz van Mobilovan UK will cover the following:

- Wrong fuel or out of fuel
- Lost or locked keys
- Two or more flat tires
- Road traffic accident
- Vandalism and attempted theft

Workshop Visits For Warranty Repairs Of Over Two Hours

In the case of warranty claims or goodwill gestures in the 3 years following first registration of a Mercedes van the owner will be entitled to Mobilovan UK mobility services if the repair work exceeds 2 hours.

M-STAR - Weights and Dimensions Overview

Dimensions (mm)

| | |
|--|-----------------|
| Overall length | 7100mm 23'3½" |
| Overall width with mirrors | |
| Overall width with folded back mirrors | 2020mm 6'7½" |
| Overall height* | 2881mm 9'5" |
| Interior headroom kitchen/living area | |
| Rear double bed length | 2040 |
| Rear double bed width | 1330 |
| Rear single bed length | 2010 |
| Rear single bed width | 1320 |

Weights and loads (EU6.2)

| | |
|---|------|
| MTPLM (Maximum Permissible Laden Mass) (kg) | 3880 |
| MIRO (Mass in Running Order) (including driver) (kg) | 3425 |
| Max. User Payload (kg) | 455 |
| Habitation Equipment (kg) | 10 |
| Max Towing Weight Unbraked (kg) | |
| Max Towing Weight Braked (kg) | |

All dimensions (shown in mm) are subject to manufacturing tolerances and refer to minimum specification models and do not include additional equipment. These illustrations are for guidance only.

The MIRO is the mass of the unladen vehicle, including an allowance for the driver (assumed 75 kg) and a 90% full fuel tank. The MIRO is calculated with the fresh water tank empty. If you travel with water in the freshwater tank then the User Payload will reduce accordingly. All masses and weights are subject to a tolerance of +/-5% complying with the European Directive 1230/2012. All motorhomes in this brochure conform to the European Standards for Motorhomes: EN1646 -1, EN 721, EN1949 and EN 1648-2. They have also been granted European Whole Vehicle Type Approval to EC Directive 2007/46. We would strongly advise against modifying vehicles in any way that could affect the validity of these Standards or Directives.

NB: It is the responsibility of the vehicle operator to ensure their vehicles are legally compliant for road use.

*Including Truma Aventa Compact Plus air-conditioning unit
